

## Red Bluff Joint Union High School District

### Adult Education

is offering a summer course on the RBHS Campus.

Classes begin on Tuesday 6/13/17 and  
will end on 8/17/17.

## Advanced Machining Techniques

**This course is FREE, no charge for attending!!**

This course is an expansion of the entry level Machining & Forming Technologies course. Students will participate in hands on experience plus classroom instruction and is designed to prepare adults (18+) for employment as Machinists with companies such as Lentec, Bell Carter, PCM, QRC, Sierra Pacific, Pactiv, Louisiana Pacific, Crain, etc.

According to the Employment Development Department, the **average wage** for Machinist in Northern California is \$15-20 per hour.

**Course Description:** Students will be introduced to all aspects of the general machine shop activities. The course will advance quickly and skills in Machine Set Up, Machine Function/Control, Manual Programming at the machine, CNC Machining, CAD Drafting, and CAM Programming. Entry level students are welcome and will receive training as needed to reach course desired skill set. Students who meet all attendance and course requirements will earn a certificate of proficiency.

**Course Schedule:** Classes will be Tuesday, Wednesday & Thursday; 5:00 to 9:00 pm.

Tuesday	Wednesday	Thursday
