

Corning Union High School District

Adult Education

Is offering the following course on
the CUHS campus.

Class Begins September 18th!!!

Welding/Metal Shop Skills

This Course is FREE! No charge to enroll, FREE childcare!

Course Description: In this introductory class, students will learn about job seeking strategies, self-marketing techniques and basic workplace skills. Students will learn the basic fundamentals of three welding processes, SMAW (stick welding), GMAW (mig or wire welding), and O A- W (oxygen acetylene welding) along with all the safety precautions related to each individual weld process. Additionally, students will learn to operate and use all hand tools safely in relation to the welding industry along with all other equipment in the metal shop. Students who meet all the requirements of the class will leave with a certificate of completion listing the total hours spent in the shop, along with the skills acquired that can be included with job applications and resumes.

Fall Course Schedule:

Mondays: 6-8pm.

Wednesdays: 6-8pm
